Change in pattern in the subject of Accounting & Business Math at Intermediate Level.

The House examined the recommendations of the Sub-Committee and unanimously confirmed and approved as follows:

The paper of Business Mathematics & Business Statistics will carry 50 marks each as per previous practice.

The paper of Principles of Accounting will carry 100 marks. This decision will be implemented from the session 2015-17. The weightage of marks allocated to different questions in the paper of Principles of Accounting will be as under.
